Endorsement of the European Charter for Researchers and commitment to its implementation via the HR Excellence in Research award process,

Middle East Technical University-Center for Solar Energy Research and Applications (ODTÜ-GÜNAM) formally endorses the 20 principles of the European Charter for Researchers, and we are committed to implementing these principles in our institution through the HR Excellence in Research award process.

As an organization dedicated to excellence in research, we prioritize the well-being and career development of our researchers. We recognize the importance of creating a stimulating and supportive environment that fosters researchers' growth, mobility and success.

By engaging with the HR Excellence in Research award process, we aim to embed the Charter's principles into our institutional policies and practices, ensuring a stimulating and supportive environment for our researchers.

Best Regards,
